The Earth has energy systems that are just like ours. She has ley lines which carry energy very much like our acupuncture meridians. She has nodes, large and small pools of energy, much like our acupuncture points. She has vortex centers which operate much like our chakras and she has layers to her atmospheric field, much like our auric field. Due to many factors, natural and man-made, her energy systems are out of balance. Our intent is to have 1 Million souls collectively healing her through meditation globally over the entire month on a daily basis. Please join us in this landmark spiritual event!

Participate...

To participate, please go to www.MotherEarthHealingFoundation.com to the Meditation Vigil tab for the free meditation. If you'd like to help us beyond the meditation, we are looking for volunteers to help share the word to 10+ Million spiritual people. Postings on Facebook, Twitter, LinkedIn, e-mail, texts, postings in public locations, Meetup Groups, Break Rooms, etc. are greatly appreciated. Sending donations of \$5—\$100 to **Mother Earth Healing Foundation (MEHF)**, 1257 Siskiyou Blvd. #165, Ashland, OR 97520 or online will help further the planetary healing work.
